UC Davis Math Project (UCDMP) Participation Policies

Research shows that active participation and engagement are an essential component of learning, therefore UCDMP has established the following norms for participation at all UCDMP events. As a participant in this UCDMP workshop,

• I understand that active participation supports the learning of both myself and others. Therefore, I agree to actively engage in all workshop activities and discussions.
• I agree to work together with the presenters and other participants to make the workshop successful for everyone by valuing the opinions and knowledge of all presenters and participants and by respecting that each presenter and participant brings different learning styles and backgrounds to the discussion.

In order to provide a safe, comfortable, and harassment-free learning environment, UCDMP reserves the right to

• remove any participant who disrupts the learning environment.
• prohibit any participant who disrupts the learning environment from attending any future UCDMP event.

At the end of the workshop, all workshop participants will receive a certificate that represents the number of hours that they participated in the professional development activities. These hours do not include lunch and breaks. Participants who arrive late, leave early, or leave during the workshop will have their hours adjusted to reflect the actual time that they participate in the professional development activities.

As part of your attendance at a UCDMP workshop you agree to give UCDMP permission to place photographs of yourself on their website, social media and other related publications.

These workshops are designed to meet the specific needs of educators. We respectfully request that you do not bring children, babies, or pets to the sessions.
