The pandemic and social unrest have taken a toll on student learning. The reality is that many students have unfinished learning and will be entering their next math course underprepared. This institute is designed to support teachers in developing an equitable intervention program that sets students up for success in their 6th grade through IM2/Geometry courses.

Join us as we dive into how to develop an equitable intervention program that supports students with their grade-level core math class.

As a participant, you will:

- Investigate both stand-alone intervention classes and interventions that can be implemented in the regular core math class.
- Explore research-based, classroom tested strategies designed to increase students’ Mathematical Identity and Agency, and development of a growth mindset.
- Engage in thoughtful planning that addresses unfinished learning with a “just in time” approach, making direct connections to prior understanding, and embeds The Equitable Teaching Practices.
- Collaborate with teacher leaders and colleagues to identify and develop the big ideas at the various grade levels.
- Develop an overview for the year and have at least one intervention unit planned out and ready to use this Fall.
- Examine and adapt structures, organizations and procedures that promote a positive classroom culture for ALL students.

Institute*
Dates: June 22 – 24, 2021**
Times: 8:30 AM – 3:45 PM (45-minute lunch)

**Mandatory
Pre-session: 3 hours to be completed asynchronously prior to June 21, 2021

Location: Online, via Zoom
Cost: Early: through 11:59 PM, May 4th - $295 for entire institute
      Regular: through 11:59 PM, June 4th - $335 for entire institute
      Late: after 11:59 PM, June 4th - $375 for entire institute

How to register: Enroll online at http://mathproject.ucdavis.edu/
Registration form for UCDMP
2021 Summer Secondary Intervention Institute

Tuesday, June 22, 2021 - Thursday, June 24, 2021

Enrollment: ✓ Enroll online at http://mathproject.ucdavis.edu and pay by credit card, or
   ✓ Email completed paper registration form and approved PO to: Trudi Banko at tjbanko@ucdavis.edu

**Mandatory Pre-Session**
3 hours to be completed asynchronously prior to June 21, 2021

REGISTRATION FEES:

**EARLY:** through May 4th
$295 Entire Institute
through 12PM, June 4th
$335 Entire Institute
after 12PM June 4th
$375 Entire Institute

Registration and Cancellation Policy: I understand that upon submission of this registration, I am responsible for the full registration fee payment. EARLY fee of $295 by 12PM on May 4th, -- Regular Fee of $335 by 12PM on June 4th, -- LATE fee of $375 thereafter. Cancellations must be received in writing by 12PM June 16th and are subject to a cancellation fee equivalent to 20% of the registration fee. After June 16th substitutions are allowed but NO refunds will be made. Un-paid no-shows or late cancellations will be billed the full registration amount. To cancel please email Trudi Banko at tjbanko@ucdavis.edu.

Additional flyers and registration forms may be downloaded from our web-site, http://mathproject.ucdavis.edu.
PLEASE READ CAREFULLY

UC Davis Math Project (UCDMP) Participation Policies

Research shows that active participation and engagement are an essential component of learning, therefore UCDMP has established the following norms for participation at all UCDMP events. As a participant in this UCDMP workshop,

- I understand that active participation supports the learning of both myself and others. Therefore, I agree to actively engage in all workshop activities and discussions.
- I agree to work together with the presenters and other participants to make the workshop successful for everyone by valuing the opinions and knowledge of all presenters and participants and by respecting that each presenter and participant brings different learning styles and backgrounds to the discussion.

In order to provide a safe, comfortable, and harassment-free learning environment, UCDMP reserves the right to

- remove any participant who disrupts the learning environment.
- prohibit any participant who disrupts the learning environment from attending any future UCDMP event.

At the end of the workshop, all workshop participants will receive a certificate that represents the number of hours that they participated in the professional development activities. These hours do not include lunch and breaks. Participants who arrive late, leave early, or leave during the workshop will have their hours adjusted to reflect the actual time that they participate in the professional development activities.

As part of your attendance at a UCDMP workshop you agree to give UCDMP permission to place photographs of yourself on their website, social media and other related publications.

These workshops are designed to meet the specific needs of educators. We respectfully request that you do not bring children, babies, or pets to the sessions.
